LETTER IN RESPONSE TO NOTICE OF MISSING REQUIREMENTS UNDER 37 CFR
1.821-1.825

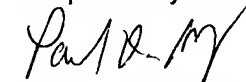

Dear Sir:

In the Notification of Missing Requirements Under 35 U.S.C. 371 In the United States Designated/Elected Office (DO/EO/US), that we received from the United States Patent and Trademark Office dated April 30, 2002, it is stated that we must provide a Sequence Listing on paper copy or on compact disc. Since this application is an electrical application and does not include any nucleotide and/or amino acid sequence disclosure, we believe that this is an error and a sequence listing is not necessary to complete the requirements for this application.

We would appreciate you addressing this matter and confirming that this section was included in error.

Date: May 23, 2002

Respectfully submitted,

Paul D. Greeley
